RECONSTRUCTION PROJECT OF KEDARNATH DHAM

The Kedarnath area was hit by a major calamity (flash flood) in year 2013 which caused large scale destruction of property and infrastructures in parts of Uttarakhand, including Kedarnath shrine and massive loss of human life. The Government of Uttarakhand has endeavored to restore the shrine and the surrounding area to its pristine glory, while providing devotees with all modern amenities and services. To meet this goal, the State Government has constituted "Shri Kedarnath Utthan Charitable Trust" to seek funds for Shri Kedarnath Dham reconstruction works.

Shri Kedarnath Utthan Charitable Trust was established as a Public and Charitable trust on 13 December 2017 with the following broad objectives:

- To assist in rehabilitation of victims of the natural calamity of 2013 – including family members of those who lost their lives in this disaster and also the survivors and their family members.
- To facilitate construction, re-construction, development, re-development and renovation of all infrastructure at Kedarnath Dham.

The detailed information about the Trust, and Online Donation Facility is available at <http://shrikedarnathcharitabletrust.uk.gov.in/>
