Global Expo India launches Goa chapter in city

3-day expo for startups and MSMEs are being held

Staff Reporter

Panaji

Global Expo India, a Mumbai based industrial exhibition company launched its Goa chapter in the state on Tuesday. To mark the milestone the company is holding a three-day expo for Goan startups and MSMEs at the International Center Goa, Dona Paula.

Bhaskar Dastidar, CEO, Global Expo India said that, the company sees Goa as a state with untapped potential. The state has over 2,500 MSMEs, 10 Industrial Training Institutes and 22 industrial estates. Yet the outside perception of Goa is as, "only a tourist destination with no industry except that of tourism."

Dastidar added that, the company has drawn up a calendar of ten business events for the state for this year and 2023. The com-

(L-R): Vivek, International Center Goa, Prof. Gopal, D.Y. Patil Institute of Management, Bhaskar Dastidar, Global Expo India, Jayant Ghate, WTC, Navi Mumbai and Raj Kumar Kamat, founder EP Kamat Group of Industries at the launch of Goa chapter.

pany aims to promote medical tourism, manufacturing, services, agriculture and fisheries.

"It is easy to promote tourism in Goa but not other industrial products," said Dastidar who was accompanied by Prof Gopal, D.Y. Patil School of Management, Navi Mumbai, Jayant Ghate, World Trade Centre, New Mumbai, Vivek, ICG

and Goan industrialist Raj Kumar Kamat at the press briefing. Global Expo India has its head office in Mumbai besides branch offices in Gujarat and Pune. The company promotes exports and development of businesses across India. The three-day expo will have global business leaders and government policy makers as speakers.

Global Expo India aims to promote exports from Goa

TIMES NEWS NETWORK

Panaji: The three-day Global Expo India conference began on Tuesday with industry representatives from across the country coming together to discuss ways to promote exports, foreign direct investment and the potential for manufacturing units in Goa.

The event, which was supposed to be attended by finance minister Nirmala Sitharaman, also saw the launch of the Goa chapter of the Global Expo.

Global Expo India is affiliated with the India Trade Promotion Organisation, a unit of the Centre's commerce department.

"Goa has a huge potential for exports, foreign direct investment and manufacturing," said chief executive officer of Global Expo India Bhaskar Dastidar. "Goa has not come up in the global map in terms of exports and FDI. It is majorly known for tourism."

Global Expo India claims to focus on export development through events and conferences, and the Goa chapter has been started in order to promote exports from Goa.

"Despite being a highly literate state, Goa is not known for software and high-end hardware. This is a high potential area," said Dastidar.

Over the duration of the three-day event, countries like Spain, Ecuador, El Salvador, Colombia, Ethiopia, Uganda and Mauritius will partner with Goa for investment and trade in the technology space, logistics, start-ups, research and development, agro and marine food processing, tourism and allied activities, education and entertainment sectors.

13TH INTERNATIONAL BUSINESS CONFERENCE 2023

In Association With:-

TECHNOLOGY - A FORCE FOR ENTREPRENEURSHIP AND SUSTAINABILITY

SATURDAY, 11TH FEB 2023
08:30 AM - 05:00 PM
DNYANPUSHPA NIKETAN, PLOT NO.10, SECTOR 4, CBD BELAPUR, NAVI MUMBAI, MAHARASHTRA

ABOUT THE CONFERENCE

With an aim to provide quality education and promote holistic development of the students, D. Y. Patil (Deemed to be University) School of Management, Navi Mumbai has been organizing various National and International Conferences since the last 12 years. IBC is one of the star conferences.

Entrepreneurship and innovation in technology are seen as the driving force behind sustainability. Governments across the world – whether from the developed or developing world – are turning entrepreneurs to solve societal and economic problems. Digital evolution has greatly helped in dealing with climatic changes and promoting sustainability. This has helped the entrepreneurial organizations to adopt innovative approaches to tackle the various challenges. **TECHNOLOGY - A FORCE FOR ENTREPRENEURSHIP AND SUSTAINABILITY** will help the students develop holistically and become future managers. Corporate would benefit from understanding the role played by technology especially in the area of sustainability.
